— 3 TYPES OF MOZZARELLA TOPPINGS — ≡ FOR YOUR PIZZA ≡

SCAMORZA

A semi-soft white cheese with a texture comparable to that of a firm, dry Mozzarella. Scamorza is made throughout Apulia and in some parts of Campania and Molise. The smoky flavor of Scamorza pairs well with oak-aged Chardonnay, Pinot Grigio or Orvieto.

BURRATA [BUTTERY]

Artisan cheese made from mozzarella and cream. The outer shell is solid mozzarella, while the inside contains stracciatella and cream, giving it an unusual, soft texture. It's rich and buttery flavor will make your salads or pizza even more exciting.

BOCCONCINI

Smaller than Burrata. Like other mozzarellas, they are semi-soft, white, and rindless unripened mild cheeses that originated in Naples and were once made only from the milk of water buffalo. Wrap this bite-size cheese with you prosciutto and you will surely be delighted. Pair it with a glass of Pinot Grigio or Chianti.
